

These labels are designed to print on the NEATO 180985 pre-perforated cd labels & card stock! They include approximately 1/4 inch extra "bleed" around the perforations, in order to account for small differences in printers and software issues. If you print these labels on PLAIN PAPER, you will need to trim the extra bleed area away or they will not fit. Additionally, you should print these with Adobe Acrobat 7 (older versions may not produce the results), and you MUST make sure that the PAGE SCALING option is set to "NONE". If you have PAGE SCALING set to "Fit To Printer Margins" or "Reduce to Printer Margins", the graphics will not print at the correct size for the standard jewel case. This is the most common problem people have when they complain about the artwork not fitting the jewel case! You can order Neato Labels from [www.neato.com](http://www.neato.com).
