

Some say this was the best SCI show ever. I don't know if I could pick one show, but I do remember this was a truly magical Incident. We were really excited to play The Tabernacle and there was a big buzz around the band as we were rapidly gaining momentum in late 2000. Atlanta had been very good to us with great crowds and great shows at the Variety Playhouse, and felt ready to explode as we took the stage. We were also very excited to have our old pal Tony Furtado in the house to play some ripping banjo with us.

I also remember being very excited to see Kristin, as she was flying out and leaving baby Emma with grandma for the first time. Our friends picked her up at the airport, and she was glowing with excitement for her first Incident in a long while. Best show? I don't know, there have been lots of special ones, but this one was sort of a "perfect storm" where all the elements came together and the energy and vibe were through the roof!

Enjoy! Keith Moseley
